

Artevia

THE ART OF CONCRETE

SEEING IS BELIEVING

Artevia™, the Lafargeholcim decorative concrete line, provides you with the ultimate collection to achieve your vision.

Over the past five years, Artevia has been successfully placed across several prestigious projects in the UAE.

Available in an array of amazing colors, patterns and textures, Artevia™'s subtle designs bring any location to life with vibrant color and realistic texture.

Suitable for home owners, architects and landscapers, Artevia™'s exciting patterns and textures offer unrestricted creativity on any project.

Plus it can be molded when fresh like any concrete, or pounded like a stone when hardened.

Artevia™ is the perfect match for any environment. Combine it with brick, metal, wood or grass for a wealth of possibilities; you won't believe your eyes!
